ErisStation™ SIP Conference Phone with Four Wireless Mics
Includes 2 fixed microphones and 4 DECT wireless microphones with Orbitlink Wireless Technology™ and support for up to 3 SIP lines/accounts

VCS754A

Whether you’re already running your business with a SIP phone system or getting ready to make the move, you can extend your coverage all the way to the conference room with the VTech ErisStation SIP conference phone. It comes with four removable DECT microphones that feature Orbitlink Wireless Technology™. Unlike traditional conference phones, ErisStation lets everyone spread out and speak without having to gather around the phone or raise their voices. Advanced audio features, such as acoustic echo cancellation, automatic gain control and dynamic noise reduction, deliver premium, interference-free sound quality. Plus, integrated design makes it easy to charge the microphones right in the base and keep everything together.

ErisStation SIP Conference Phone Features

**Central, full-duplex speakerphone in base**
Callers can speak and be heard at the same time, just as they would in a face-to-face meeting.

**Flexibility**
With support for up to three SIP lines/accounts, you can manage multiple calls with advanced call handling features.

**Intuitive design**
You’re in business with a user-friendly interface, large backlit display, three soft keys and navigational pad.

**USB speakerphone**
USB connection for using a PC-based softphone or speaker.

**HD voice quality**
With G.722 wideband codec support for HD audio, calls have never sounded so rich and life-like.

**DECT wireless microphones with Orbitlink Wireless Technology™**
Portable, wireless microphones allow everyone to collaborate beyond the conference table.

**Up to 7 hours of talk time per wireless microphone**
With up to 7 hours of talk time for each microphone, you have plenty of room to keep the meeting going on one charge.

**Up to 70 hours of standby time per wireless microphone**
With up to 70 hours of standby time for each microphone, there's no need to worry about losing a charge mid-meeting.

**Built-in wireless microphone charging bays in base**
Magnetic charging bays in the base keep the microphones together and ready for the next call.

**Operable in small, medium and large rooms**
With a base speakerphone, 2 fixed and four wireless microphones, ErisStation is a flexible solution for any size conference room.

**3-year standard warranty**
Enjoy the peace of mind that comes with an industry-leading, standard three-year warranty.

**Automatic gain control**
- Digital mixing
- Volume control: 9 levels

**3-way local conference**
**N-way network conference**
Local phonebook up to 200 entries
Call history up to 200 entries
