ErisTerminal™ Accessory DECT Cordless Deskset

VSP608A

The VSP608A DECT accessory cordless deskset is perfect for those places you want the look of a deskset with the cordless convenience of a handset, and don’t have an Ethernet drop within reach. All this deskset needs nearby is a power outlet and you’re ready for business. You can even add up to six cordless handsets or desksets, each with its own extension and unique phone number, when paired with the VSP600A/610A SIP base station.

VSP608A Key Features

Easy installation with Orbitlink Wireless Technology™.
Set up your station in minutes. There’s no complicated wiring or cabling requirements—simply connect the deskset to power, wirelessly connect it to the base, and you’re ready for business.

Scalability.
Growing pains? Register up to six cordless handsets or desksets to the VSP600A/610A DECT cordless base station and program each one with its own phone number or extension.

Flexible power.
Need a phone in a remote location for a while? With 7 hours of talk time, you can move this phone where you need without wires.

Intuitive design.
You’re in business with a user-friendly interface, large backlit display, dedicated function keys and navigational pad.

Three-year warranty.
Enjoy the peace of mind that comes with an industry-leading, standard three-year warranty.
